

Appointment type in notifications

Last Modified on 12/30/2018 7:37 am EST

Can I add the appointment type in the appointment confirmation and reminder templates?

By default it does not appear to ensure compliance with the HIPAA Privacy Rule.

If your practice is not required to comply with this rule (usually only applicable to locations outside of the USA), you can add this to your templates by using the relevant keywords in the template(s).
